Dear Dr. Henney:

I would like to register my support for the FDA's prompt approval of claims filed for saw palmetto and the symptoms of benign prostatic hyperplasia. I also feel strongly that the FDA should quickly approve the claims for psyllium husk seeds and the risk of heart disease.

Additionally I am strongly in favor of the FDA rapidly approving the claim filed for folic acid, vitamin B6 and vitamin B12 related to cardiovascular disease as well as the claim for vitamin E and the risk of cardiovascular disease. Dr. Henney please approve these claims soon. Thank you.

Sincerely,

Clyde J. Randall
